

Explore Renewables

Domestic Solar Installation Competition

To promote, engage and encourage knowledge exchange between Key Stage 3 students and their parents, the **Explore Renewables** Project Team is running a competition for a home in the North East to win a fully fitted Solar Thermal system for their own home.

The competition is open to all homes that have students currently attending schools that are participating in the **Explore Renewables** Project.

To enter this competition, the criteria are simple:

- 1) A short questionnaire must be completed to help the **Explore Renewables** Team assess the suitability of the entrants home for a Solar Thermal system.
- 2) Send the completed questionnaire to the below address where the suitable homes will be drawn from a hat on the 31st October 2008.
- 3) The winning property will be reviewed by its location with regards to conservation areas, national park and listed building etc to ensure planning permission can be gained.
- 4) The winner will then be contacted by the **Explore Renewables** Team and arrangements will be made for a technical survey to be completed.
- 5) Should the property meet all the criteria the installation will follow at an agreed timetable

Please Note:

In the event that Planning Permission and Building Control is required, the cost will have to be met by the client.

Competition Entry Form
